Genuine TM-27

Programming your Remote into the Motor

1. Remove front cover from your existing remote.
2. Remove the cover from your new remote.
3. Simply copy the 9 dipswitch combination from your old remote to your new remote.
4. Refit covers. Your remote is now ready for use!

Changing the Codes in your Motor

1. Remove your control box from the wall, and open the rear cover.
2. Inside are 9 dipswitches, change them to any new combination.
3. Copy this code to your remotes, and the code will be changed.
